

Notice Regarding Project Synopsis Presentation

All the students of 4th year B.Tech – CSE are informed that the synopsis presentation is scheduled from 1st Sep 2025.

Guidelines and Instructions for the synopsis presentation

1. It is mandatory for all the team members to be present for the presentation on the scheduled date and time
2. Presentation will contain a weightage of 30% marks of Project Phase – I
3. You all are required to prepare a synopsis report of 30 to 35 pages consisting of the following
 - a. Project Title
 - b. Introduction
Provide a brief background of the project, highlighting the problem domain.
 - c. Background study
Provide a brief description the similar works / papers done in previous years
 - d. Objectives
List the main objectives of the project (use bullet points).
 - e. Proposed Methodology
Describe the approach, methods, and techniques you plan to use. Include the mathematical foundations of the algorithms to be used.
 - f. Expected Outcomes
Mention the expected results and deliverables.
 - g. Tools and Technologies
List the programming languages, frameworks, and tools required.
 - h. Applications / Future Scope
Explain possible applications and scope for future enhancements.
 - i. References
4. You all are also required to prepare a presentation of 10 to 15 slides that clearly explain the objectives, feasibility and methodology of your project
5. You must get a hard copy of synopsis report – duly signed by you mentor during the presentation. This has to be submitted to the Panel if your project gets approved.
6. Final approved copy of the synopsis has to be uploaded to google form link – link will be provided to you later.
